\*(This is a retasking from session 081005-386021, which is from TOTW 071205.)

### FRONT LOADING

- Describe the event
- Also, describe the water that is energized and what part it plays in the event.
- Prepare a timeline of the event.

081005  
386022

10 081014.

\*(This session felt like it was one big castle.)

The target has elements of:

Land (as unknown #1), water, biologicals, mountains, & an event.

The land is:

- Long
- low
- wide
- inside (mountain ranges)
- field-ish
- marshy
- green
- brown
- tan
- hilly
- with slopes
- stretched out "as far as the eyes can see"
- breezy
- grassy
- with a river down the middle of it.
- has been to extremes of
  - dry & barren
  - wet & flooded
- cause of event, in part
- big skies above
- open
- outside

-x

⑪ - 081014.

The water is;

long  
river like  
flowing  
with marshes  
in valley  
~~with distant~~  
energized

fresh  
new  
refreshing  
~~flooded~~ — makes people  
happy  
jubilant

flooded  
causing damage  
droughted  
causing damage

important  
center of life  
feeds life  
abundant

blue  
black  
center of valley  
has gone through climate changes

(12) - 081014°

The biologicals are:

Adults

Looking  
watching  
remembering  
listening to  
one person  
speaking  
at podium

Tearful  
Proud

~~Fe~~  
Thankful

Humble  
Emotional

Children

Young  
dressed warm  
playing  
running  
unaware of reason for event  
(reason)  
happy

The mountains are:

distant  
surrounding valley  
in ranges

x

The event is:

(13)-081014.

Present day

a memorial  
a ceremony  
for remembrance  
of tragedy  
of loss

Past

Traject  
suffered losses  
Climatic  
Drought  
Flooding

Other things I found were;

The day of the event was; (present day)  
cloudy  
grey skies

Around 1945 this area had a ~~sew~~ severe climate  
change of drying out. Possibly a bad ~~d~~drought.

Around 1908 seems like a great deal of flooding  
took place. This seems like what the memorial may  
be based on.

And around 1954, once again, there seems to be flooding  
also, caused by a bad storm.

END SESSION 08.49
